

# Alesis Prestige Artist 88-key Digital Piano w/ Graded Hammer Action Keys

## Alesis Prestige Artist 88-key Digital Piano w/ Graded Hammer Action Keys

Whether you're a fledgling performer or a seasoned veteran, the Alesis Prestige Artist 88-key Digital Piano is a fantastic tool for both the practice room and the concert stage. Beginners and anyone looking to brush up on their playing chops are sure to benefit from the Prestige Artist's powerful learning features, with a Lesson Mode giving teachers and students simultaneous access to the keys and a Recording Mode for tracking and listening back to the nuances of your playing. After you've honed your skills, the Prestige Artist's 30 voices and 256-voice polyphony make great companions on the concert stage, made even better by Layer and Split Modes to combine and separate voices, respectively. A phenomenal arpeggiator adds hefty flavor to your own arrangements, with all of your settings clearly on display via the OLED screen. Music Bliss keyboardists love that the Prestige Artist also comes with a sustain pedal and a handy music rest, two required accessories for pianists of all skill levels.

### FEATURES

- 88 full-sized graded hammer-action keys with adjustable touch response
- 30 premium multi-sampled voices with the ability to split or layer 2 voices simultaneously
- 256 max polyphony an unmatched realistic piano experience
- 50W (2x25W) micro-array speaker system sounds loud, clear, and realistic in any setting
- OLED screen to easily adjust parameters
- Lesson mode divides the keyboard into two zones with the same pitch and voice
- Record mode enables you to record and then listen back to your performance

- Stereo 1/4" (6.35mm) outputs for connecting to a mixer, amp, or other sound system
- 1/4" (6.35mm) and 1/8" (3.5mm) headphone outputs mute the internal speakers for private practice
- 1/8" Aux input for playing along with an external source
- USB-MIDI output for use with educational software or virtual instrument plugins
