

Donner EC6868 HUSH-I Pro Acoustic Electric Guitar Kit - White

Donner EC6868 HUSH-I Pro Acoustic Electric Guitar Kit - White (EC-6868)

HUSH I PRO Guitar offers 18 effects, 8 classic guitar body tone simulations, and 20 IR slots includes 5 modulation, 5 delay, 5 reverb, overdrive, compressor, booster. HUSH Acoustic Guitar Pickup Structure ensures realistic and dynamic sound feedback activating the Air Boost and Tone Boost for enhanced airiness and clarity, and easily fine-tune your tone with the dynamic 5-band EQ adjustment module. Silent Practice where the guitar features an effects algorithm system, supporting headphone practice and wireless BGM accompaniment. The HUSH-I PRO comes with a mini gig bag and weighs just 2.1kg. It also has an 8-hour life battery and a new USB-C fast-charging interface to ensure long-term use.

FEATURES

- **PLAY WITH STYLE**
 - Explore endless tones with 18 effects, 8 classic body tone simulations, and 20 IR slots. Create unique atmospheres and customize music parameters for powerful combinations of effects.
- **STRUM WITH ENRICHED TONES**
 - Utilize the Donner's self-researched upgraded H1 preamp system for professional sound algorithms and high-definition audio sampling. Enjoy realistic and dynamic sound feedback with enhanced airiness and clarity with Air Boost, Tone Boost, and the dynamic 5-band equalization EQ adjustment module.
- **PRACTICE WITH SILENCE**
 - The resonance-free chamber design and low-decibel strumming ensure you can practice without disturbing others. Support headphone practice, and wireless BGM accompaniment, and connect your audio device for a seamless music experience.
- **TRAVEL WITH LIGHTNESS**
 - The headless design and quick-disconnect zinc alloy bracket make the I PRO lightweight and easy to assemble. With 8-hour battery life and USB-C fast charging, it's perfect for travel, performances, and practice sessions.
